

G328 data sheet

tube size	starting voltage	rated voltage	flow rate
1*3mm silicone tube	>3V	12V	>15ml/min
2*4mm silicone tube	>4.5V	12V	>53ml/min
3*5mm silicone tube	>5V	12V	>90ml/min
1*3mm silicone tube	>5V	24V	>15ml/min
2*4mm silicone tube	>6V	24V	>53ml/min
3*5mm silicone tube	>7.5V	24V	>90ml/min

Above data is just for reference and tested with pure water at 20℃. The parameter will deviate according to medium and hours of use time.

Working temperature: 0~40℃

Relative humidity:<80%

Working noise: 35+/-5 dB

Tube life:>200H

Motor life:>500H

Manufacture Company:Grothen Technology Company LTD
